

C A A A A C T G A C

The image shows a DNA double helix structure. The top strand is represented by a series of colored letters: C (blue), A (green), A (green), A (green), A (green), C (blue), T (red), G (orange), A (green), C (blue). The bottom strand is represented by a series of colored letters: G (green), A (blue), A (blue), A (blue), A (blue), C (orange), T (green), A (blue), A (blue), G (green). The letters are large and bold, and the colors correspond to the standard DNA color scheme: C (blue), A (green), T (red), G (orange).
